### 4. PRODUCT FEATURES

#### Currency

The investment currency is Euro.

#### Term

The contract shall run for an indefinite period.

#### Availability

Deposits are subject to a notice period of three months.

Mandates of up to EUR 5,000 per calendar month without notice are possible. Amounts in excess of this can only be paid back once notice is given, in compliance with a three-month notice period.

Capitalised interest can be made available within two months after the credit entry without a provisional mandate fee.

#### Costs

If the bank permits mandates of undeclared amounts of more than EUR 5,000 in the calendar month, it calculates a provisional mandate fee for this. The early withdrawal penalty is 0.25% of the amount on which notice has not been given that exceeds EUR 5,000 in the respective calendar month.

#### Form of deposit

Any lodgements and regular savings rates are possible at any time.

#### Interest capitalisation

The interest is credited each year on 31 December and then at the end of the contract.

#### Interest

The Bank pays variable interest on amounts invested of up to EUR 500,000. The rate of interest is linked automatically and transparently to the three-month Euribor (BBK01.SU0316 time series of Deutsche Bundesbank) and amounts to 30% of its current value, but never less than 0.01 % p.a. In the event of changes to the reference interest rate, the Bank will adjust the interest rate effective as of the 10th bank working day of the month in question (without prior notice). The current figures can be found on the Bank's website at [hvb.de/flexsparen](http://hvb.de/flexsparen).
